DETAILED ACTION

This Office Action is in response to applicants' amendment filed on November 30, 2007. Claims 1-34 are pending in the Action.

Information Disclosure Statement

The Information Disclosure Statement filed on September 20, 2007 was being considered.

Claim Rejections - 35 USC § 112

Due to the amendment to the claims, the 35 USC 112, second Paragraph rejection was withdrawn.

Claim Rejections - 35 USC § 102

1. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

2. Claims 1, 19 and 34 are rejected under 35 U.S.C. 102(b) as being anticipated by Katoh et al, US patent no. 6,173,433 B1.

As per claims 1, 19 and 34, Katoh anticipates a system and associated method for supporting a circuit design and processing the design with feature limitations very

identical to the claimed invention. According to Katoh, the design support system includes means and steps

Means for storing data,

Processing mean for processing data with a system structure which collectively manages information on a product to facilitate designing the product, and extracting information for making the product compatible with a predetermined specification (col. 4, lines 7-63, col. 11, line 30 to col. 12, line 67, cols. 31-34).

Allowable Subject Matter

Claims 2-18, 20-33, and 36-38 objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.

Response to Arguments

Applicant's arguments with respect to claims 1-38 have been considered but are moot in view of the new ground(s) of rejection.

Conclusion

Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
